

Adoption Application

Thank you for considering to adopt a Bull Terrier from Adora-Bull Terrier Rescue and Rehabilitation

Firstly, we would suggest you download our "Introduction to Adora-Bull Terrier Rescue and Rehabilitation, and the Adoption Process" from our website. This document will give you all the information you need about the entire adoption process, and point out some important information for your consideration. It will also tell you about Adora-Bull Terrier Rescue and Rehabilitation's mission, and what we stand for.

After you have read the Introduction, the next step would be to complete our Adoption Application. Once we receive the completed Adoption Application we will arrange for a home check at the adopter's property. If the home inspection is approved, we will be in contact to discuss the next steps. All adopters are required to sign an adoption agreement.

We do not have a set adoption fee, but we do appreciate a donation towards the dogs in our care and their veterinary care. When adopting from us, your Bull Terrier will be fully vaccinated, dewormed, sterilized and microchipped and would have received any needed veterinary care while in our care.

Please note the following:

1. This cannot be stressed enough- WE ARE NOT IN THE SECURITY BUSINESS. We want loving and caring homes for our Bull Terriers, and we want them to be treated as members of the family.
2. We rarely get puppies. Everyone wants a cute puppy, but most Bull Terriers end up in rescue around 6 months old, when they become too boisterous, and the owners do not want to put in some effort and work. If you are looking for a puppy, we will place you on a waiting list, which still does not guarantee you will get one, as the waiting list keeps growing. So please keep your options open, and consider an older Bull Terrier in need.
3. Adora-Bull does rehome dogs throughout the country when suitable homes are made available. When it is an only dog home, arrangements can be made to transport the dog to you. But in the event that you have existing pets, and want to adopt a social dog, kindly note that because of limited resources and finances, all meets and greets will have to be done in Gauteng, or wherever the dog that is available for adoption finds itself, should the relevant experienced persons be available to assist. The onus would be on the family wishing to adopt to make themselves and their pets available (within the province and premises in which the dog up for adoption is currently), for meets and greets.
4. Although all Adora-Bull dogs are sterilized, we require that your current pets be sterilized before placing a dog in your home (unless medical proof can be given to the contrary). Sterilization has many benefits, including improving the health of your animals, reducing undesirable behaviors, and preventing unwanted animals.

Adoption Application

5. Rescuing is a process. And patience is key here. Adora-Bull staff are volunteers. We do not receive any financial or other gain from rescue. We do this for the love of the Bull Terrier breed! Working with a rescue is hard work, physically and emotionally. We have our own full time jobs and our own families that we take time away from to try and assist as quickly as possible, so we kindly ask people to have some understanding and patience if we miss your phone call or don't message/mail back immediately.
6. Although we try our utmost to give feedback to applicants as soon as possible, In exceptional cases the application may take up to TWO weeks to be processed. Please contact Adora-Bull if no feedback was received within TWO WEEKS of sending this application.
7. All information relayed in this adoption application, is strictly confidential, and will not be shared with outside agencies or entities. All correspondence (calls, e-mails or messages/WhatsApp's) sent to will be for Adora-Bull purposes alone.

You are welcome to contact us for any further information regarding the adoption process, or a specific Bull Terrier you might be interested in:
